

MLRA Soil Survey or Technical Soil Services Assistance Request Worksheet for Technical and Laboratory Assistance from the National Soil Survey Center, FY 2020

MLRA Soil Survey Office Location _____ Soil Survey Region _____

Technical Soil Services Location _____ State(s)/Region _____

Project Name ¹	Type of Assistance ²	Priority ³	Specific Request ⁴	Equipment Requested	Tentative Dates

¹ If project is available in NASIS, project name must agree with that entered in the database.

² Types of assistance include research, soil quality/health, ecological site inventory, laboratory analysis, geophysical (ground-penetrating radar and electromagnetic induction) assistance, geomorphic assistance, interpretations development/revision, landscape analysis, digital mapping, and other similar categories.

³ If more than one request for assistance is being made, please prioritize them based on specific needs.

⁴ Specific requests allow identification of specific needs for project assistance and completion. If the assistance requested is planned to be remote (e.g., by phone, email, etc.) please note here.
